

MAKE YOUR MACH

Ford

ONCE SEEN, NEVER FORGOTTEN

The black-striped hood, shark-nosed grille, and bold, muscular style – the Mustang Mach 1 was an icon from the moment it first appeared. Now, 50 years later, it returns to enthrall a new generation in a strictly limited edition. Move fast, or be left in its dust.

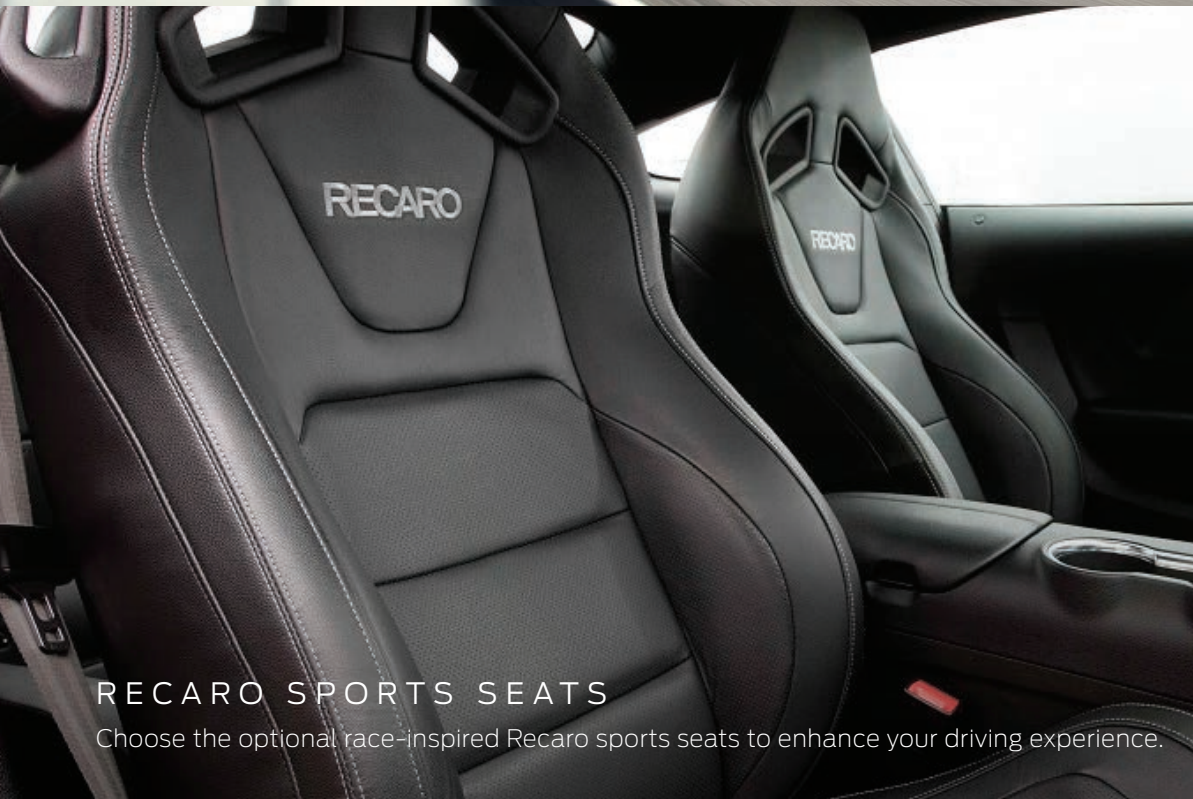

A close-up, low-angle shot of the interior of a Ford Mach 1. The focus is on the center console, which features a black leather gear shifter with a white, egg-shaped knob. The knob has a black grid pattern and the numbers '246' printed on it. The shifter is set in a chrome-trimmed boot. To the left of the shifter, there's a black leather handbrake with white stitching. In the background, the dashboard and center stack are visible, featuring various controls, buttons, and a red 'Mach 1' badge. The overall lighting is dramatic, with highlights on the leather and chrome surfaces.

ONCE DRIVEN, FOREVER SMITTEN

The visual punch of the new Mach 1 is matched only by the thrill of the driving experience. The track-ready performance of the upgraded 5.0L V8 powertrain and Shelby 6-speed manual transmission is expertly paired with unique chassis settings and ride upgrades. More responsive and engaging, the Mach 1 pushes the limits without pushing the driver.

EVERY DETAIL COUNTS

Mustang Mach 1 takes everything we've learned in the heat of competition and refined it into the ideal driving machine.

RECARO SPORTS SEATS

Choose the optional race-inspired Recaro sports seats to enhance your driving experience.

WHEELS

The exclusive dark-painted alloys are a modern take on the original's Magnum 500 wheels and highlight the colour-coded Brembo brake calipers.

DYNAMIC BY DESIGN

The Mach 1 delivers race-inspired performance that both flatters the novice and rewards the expert driver.

1 PERFORMANCE POWERTRAIN

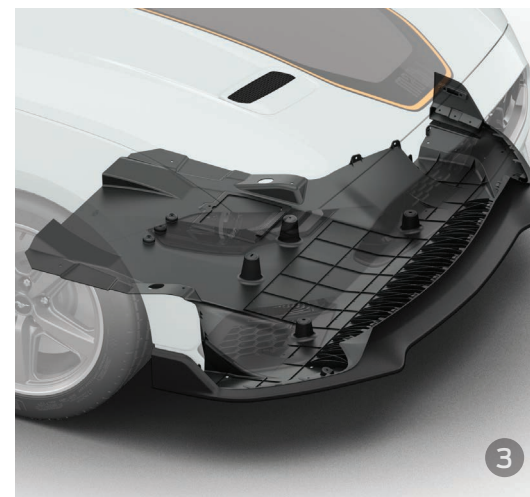

Mustang's iconic Coyote 5.0-litre V8 is upgraded with a Shelby GT350 intake for 345kW of power and 550Nm of torque, announced via Mach 1's Active Exhaust and Selectable Drive Modes.

2 COMPETITION-READY CHASSIS

Bespoke steering, MagneRide® suspension with stiffer sway bars and front springs, and a rear subframe using stiffer bushings and a Shelby GT500 rear toe-link combine for precise handling.

3 UNDERBODY AERO

An underbody pan smooths and increases airflow under Mach 1, increasing downforce and brake cooling flow – a first for Mustang.

EXHAUST & DIFFUSER

Unique active exhaust tuning features 4.5-inch quad exhaust tips, perforated to enhance sound quality.

MAKE YOUR MACH

Fender, bonnet and boot are stamped with the unique marque.

TRANSMISSION

Mach 1 boasts choice of the Shelby GT350's TR-3160 manual or an upgraded 10-speed paddleshift automatic, with unique calibration for enhanced performance.

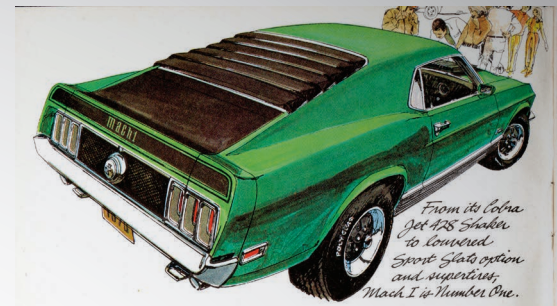

APPEARANCE PACK

An exclusive inclusion only with the Fighter Jet Gray paint option, the pack includes unique black and orange hood and side stripes, orange brake calipers, and orange seatback accents.

MUSTANG
Mach 1

*From its Cobra
jet 428 Shaker
to lowered
Sport Seats option
and, superlative,
Mach 1 is Number One.*

'70 Mach 1—quickest pony of them all!

Mach 1. The big knife. The name that echoed like a bellowing exhaust note across the endless Bonneville Salt Flats when Mickey Thompson broke 295 records in his specially modified Mach 1. There's nothing cool about the '70 Mach 1 except its looks. Mach 1 power begins with a lively 351 2V standard. Or you can choose one of the three great optional V-8's. The all-new 351 4V Cleveland engine, the 428 4V Cobra, or the earth-shaking 428 4V Cobra Jet.

This jewel of an engine has the functional "Shaker" hood scoop. It shakes and

so does the competition. No matter which engine you pick—you get the competition suspension and belted wide-tread tires. All the power you need, plus a suspension that glues it to the road. That's what makes the Mach 1 a complete package. Get yourself a Mach 1 428 and really "shake up" the troops.

for family fun.
See lively new
Mustangs for you
to choose from.*

50 YEARS OF TURNING HEADS

The Mach 1 was introduced in 1969 as a bridge between the Mustang GT and SVT Cobra and Shelby models. It quickly became its own legend, earning a permanent place in Mustang performance lore.

1. Performance Data measured using 98 RON fuel for GT. 2. Fuel consumption and emissions as per ADR 81/02 (combined cycle) and to be used for vehicle comparison purposes only. It is unlikely that this fuel consumption figure will be achieved in real world driving conditions. Actual fuel consumption will depend on many factors including the driver's habits, prevailing conditions and the vehicle's equipment, condition and use. 3. Traffic information is provided through an arrangement with Intellematics Australia Pty Ltd. Traffic information is based on data provided with the permission of one or more third parties. Should Ford's arrangement with Intellematics Australia Pty Ltd. cease for any reason, the ongoing provision of traffic information cannot be guaranteed. 4. Apple CarPlay / Android Auto requires phone with compatible version of Apple iOS / Android™ (as applicable), active data service, and connection cable (sold separately). SYNC® does not control Apple CarPlay / Android Auto while in use. Apple / Google and other third parties are responsible for their respective functionality. Message and data rates may apply. Apple CarPlay, Siri Eyes Free, iPod and iPhone are trademarks of Apple Inc. registered in the US and other countries. Android Auto and Google Maps are trademarks of Google Inc. Ford Applink® is available on selected SYNC® models and is compatible with select smartphone platforms. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. 5. Bluetooth® is a registered trademark of Bluetooth SIG Inc. and is used under licence. Please refer to ford.com.au for mobile phone compatibility. 6. Not all SYNC® 3 features are compatible with all phones. 7. The Emergency Assistance feature needs a paired and in range mobile phone. Can activate in the event of a crash which deploys an airbag or activates the fuel pump shut-off. 8. Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. May not operate in some driving and road conditions (including at certain speeds) or adverse weather. 9. Use of FordPass is subject to the FordPass Terms and Privacy Policy and the Connected Vehicle Terms and Privacy Policy available on ford.com.au/fordpass and requires a compatible mobile device, internet access and software (including software updates from time to time). You are responsible for internet access, mobile network data and voice call services required for your use of the FordPass App on your mobile device, including associated fees. The FordPass Connect Modem and FordPass App can only work when connected to the telecommunications network. Ford cannot guarantee that FordPass will be in fully operating condition at all times and the FordPass App may be unavailable or particular FordPass services interrupted. Ford is not responsible for any limitations or restrictions of the telecommunications network or of your mobile device.
